The Honorable Tommy G. Thompson
Governor, State of Wisconsin
State Capitol
Madison, WI 53702

Dear Governor Thompson:

I am pleased to submit to you the 121st Annual Report of the Commissioner of Insurance covering business for the year 1989.

Major events of the year are listed in the section entitled "Highlights of 1989." They included:

- Promoting legislation strengthening HMO regulations and including HMOs in the Wisconsin Insurance Security Fund. Included development of a statutory hold harmless mechanism.
- Implementing a complainant satisfaction survey to assist the Office in evaluating and enhancing its insurance complaint handling process.
- Promulgating emergency rules requiring multiple employer trusts, multiple employer welfare arrangements, or their agents to file documentation with Office before they do business to determine whether they can legally operate in the State.

Our goals for 1990 include:

- Promulgating administrative rule strengthening financial regulations for HMOs.
- Acting as Chair of the NAIC's Medicare Supplement Standardization Working Group.
- Developing new regulations for long-term care insurance in response to this growing and evolving marketplace.
- Implementing a direct access, on-line complaint handling system.

I hope that the information in this report is useful to you and to the people of Wisconsin.

Sincerely yours,

Robert Haase

ORGANIZATIONAL STRUCTURE

The Office is divided into three major divisions: the Legal Unit, the Division of Regulation and Enforcement and the Division of Administrative Services. A brief description follows:

I. Legal Unit

The Legal Unit represents the Office in administrative proceedings, provides legal advice to the staff, represents or supervises representation of the Office in litigation, and develops legislative proposals and administrative rules.

II. Division of Regulation and Enforcement

Bureau of Market Regulation. This bureau is responsible for reviewing the rates, forms and contracts filed with the agency by insurers; determining compliance with applicable laws and rules; initiating appropriate administrative actions; examining insurer rating procedures, advertising files and policyholder reserves; staffing several risk sharing plans; providing assistance to consumers in resolving problems with insurers and agents; disseminating information to the public; investigating agent activities; and conducting field reviews of insurer marketing practices.

Bureau of Financial Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts field audits of domestic insurer operations; administers insurer rehabilitations and liquidations; audits and collects insurer taxes and fees; and collects and administers the fire department dues program.

Office of Research and Public Information. This office is comprised of staff who provide the commissioner and other agency personnel with technical research expertise. This office also directs the public information program of the agency.

III. Division of Administrative Services

Bureau of Staff Services. This bureau is responsible for all general administrative functions of the agency including the administration of the insurance intermediaries testing and licensing program, centralized word processing, data processing, budget, personnel and clerical support services.

Bureau of Funds. This bureau consists of the three segregated funds for which this agency has administrative responsibility: the Local Government Property Insurance Fund, the State Life Insurance Fund and the Patients Compensation Fund.

The Local Government Property Insurance Fund offers property insurance protection to qualified local government units.

The State Life Insurance Fund offers life insurance to Wisconsin residents in amounts not exceeding $10,000 per person.

The Patients Compensation Fund provides medical malpractice protection to health care providers for claims in excess of $400,000 per claim or $1,000,000 annually.

The Health Insurance Risk Sharing Plan (HIRSP) is also housed in the Division of Administrative Services.

II - EXECUTIVE ACTIONS

LEGISLATION

The following is a summary of legislation enacted during 1989 that affects the insurance statutes:

49.49 (3p)	-	Prohibits health care providers from knowingly violating s. 609.91 (2). (1989 WI Act 23)
76.60, 76.62, 76.63, 76.66, 76.67, and 601.55	-	Amends the statutes regarding premium taxes paid by insurers to apply reciprocal and retaliatory laws of other states. (1989 WI Act 31)
185.983 (1) (intro.)	-	Subjects cooperative health care plans to certain provisions of the insurance statututes. (1989 WI Act 23)
600.01 (1) (b) 8. and (2)	-	Exempts guarantees of the Wisconsin Housing and Economic Development Authority from regulation by OCI. (1989 WI Act 31)
600.03 (23c), (23g) and (25) (a) (intro.) 1. and 3.	-	Creates definitions for "health maintenance organization insurer" and "individual practice association" and expands the definition of "insurance" to include plans established by cooperatives and plans that offer benefits rather than indemnification. (1989 WI Act 23)
600.03 (28g)	-	Adds a definition for a "long-term care insurance policy." (1989 WI Act 31)
601.31 (1) (k), 641.12 (2), and 641.13	-	Exempts counties that operate an employe welfare fund for county employes from paying an annual statement fee. (1989 WI Act 31)
601.415 (10)	-	Requires the commissioner to promulgate rules in connection with underground petroleum product storage tanks to define liabilities which are excluded from coverage in liability insurance policies for bodily injury and for property damage. (1989 WI Act 31)
601.42 (1), (1g), (intro.), (a), (b), and (d); 601.43 (1) (b) 4.	-	Deletes the definition of "individual practice association" from ch. 601 and creates a section that allows the commissioner to require audits or certified reports from CPAs or actuaries re HMO's financial condition. (1989 WI Act 23)
609.01 (1), (1d), (1j), (5m), and (6)	-	Adds definitions for "covered liability," "enrolled participant," "health care costs," "provider," and amends definition for "selected provider." (1989 WI Act 23)

609.03	-	Creates restrictions that deal with an HMO's, LSHO's, or PPP's operations including certificate of authority, statement of operations, restrictions on operations, and removing restrictions. (1989 WI Act 23)
609.91 to 609.94	-	Creates provisions that limit the liability of enrollees and policyholders of prepaid plans for covered health care costs and that establish criteria for providers who contract with prepaid plans. (1989 WI Act 23)
609.95 to 609.98	-	Establishes minimum financial requirements for prepaid plans. (1989 WI Act 23)
611.19 (8)	-	Exempts HMOs formed as stock corporations from the initial capital and surplus requirements established for indemnity stock insurers. (1989 WI Act 23)
613.03 (3) and 613.19 (6)	-	Subjects service insurance corporations to ch. 609 but exempts HMOs formed as service insurance corporations from the financial and contractual resources required of indemnity service insurance corporations. (1989 WI Act 23)
614.19 (5)	-	Exempts HMOs formed as fraternals from the initial surplus requirements established for indemnity fraternals. (1989 WI Act 23)
623.06 (2m) (a) 7.	-	Makes a technical correction and improves clarity at the request of the Revisor of Statutes. (1989 WI Act 56)
623.11 (1) (intro.), (2) (intro.), and (3)	-	References the amount of compulsory surplus required of HMOs. (1989 Wisconsin Act 23)
625.16 (title)	-	Allows the Commissioner to establish minimum standards for loss ratios of long-term care insurance policies. (1989 WI Act 31)
628.36 (2m) (e)	-	Deletes the sunset of July 1, 1989, that requires HMOs to have a 30-day annual period during which pharmacists can elect to participate in the HMO. (1989 WI Act 31)

632.36 (1) (title) and (2)	Prohibits an insurer from issuing or renewing a policy that is less favorable to the insured or cancelling or nonrenewing a policy because of an accident that occurs in the course of the insured's business or employment unless the policy covers the insured for liability that arises in the course of his or her employment or business. (1989 WI Act 31)
632.72	Modifies the medical assistance assignment provision to incorporate amendments to ch. 49. (1989 WI Act 31)
632.73 (1) and (2m)	Gives all persons who purchase a long-term care insurance policy the right to return the policy within 30 days of receipt for a full premium refund. (1989 WI Act 31)
632.75 (3)	Excludes long-term care insurance policies from the prohibition of excluding coverage of certain dependent children. (1989 WI Act 31)
632.76 (2) (b), 632.81 (title), 632.82, and 632.84 (title), (2) (a) (intro.) 1. and (b) to (d)	Establishes standards for long-term care insurance policies including a six-month maximum exclusion for pre-existing conditions, renewability of policies, and grievance procedures. (1989 WI Act 31)

ADMINISTRATIVE RULES

Changes made in 1989 in the Wisconsin Administrative Code applicable to insurance are described below.

Ins 2.14, 2.15, and 2.16 Life insurance and annuity advertising.

This rule repeals and recreates the Commissioner's life insurance advertising rule. It sets minimum standards and guidelines for advertisements, representations, solicitations, and marketing of life insurance and annuities. Insurers and agents are required to investigate to determine the suitability of a life insurance or annuity product for a prospective buyer prior to the sale. The use of deceptive words, symbols, and illustrations, advertisements that equate life insurance products to savings accounts or deposits in financial institutions, and statements that imply government endorsement or support of an insurer are prohibited.

The rule also regulates guaranteed issue life insurance, the use of testimonials and endorsements, introductory and special offers and limited enrollment periods, nonguaranteed policy elements, and maintenance of advertising records. There are also provisions relating to disclosure of certain premium and benefit information and a number of other miscellaneous provisions. Effective 8/1/89

Ins 2.40 Annuities without life contingencies.

This rule establishes the conditions under which insurers may issue annuity contracts to provide a given income for a specified period, such as a certain number of years, independent of the annuitant's life or death. Forms must be approved by the Commissioner and the contracts must be sold by licensed agents or directly by the insurer. The consideration may not be based on the purchaser's or any other person's age, health status, or any mortality or morbidity contingencies. Amounts guaranteed to be paid under the contract must be based on reasonable assumptions, and in a manner that is reasonable to all contract holders. Effective 1/1/89.

Ins 3.09 Regulation of mortgage guaranty insurance.

This rule revises the criteria for the admissibility and recognition of reinsurance for the purpose of increasing the potential reinsurance capacity for mortgage guaranty insurance. A reinsurer must establish a segregated trust for the benefit of the mortgage guaranty insurer which satisfies the requirements of the rule on reporting, investments, withdrawals, use of assets, and other specified items. The rule also specifies the requirements for maintaining unearned premium reserves on policies in force and contributions to contingency and loss reserves. Effective 12/1/89.

Ins 3.17 Minimum standards for individual or group accident and sickness policies.

This rule establishes minimum standards for claim, premium, and contract reserves required of insurers writing individual and group accident and sickness insurance polices, other than credit accident and sickness insurance, in Wisconsin. It complies with the National Association of Insurance Commissioners (NAIC) recently revised model regulations. The rule also allows insurers to use the NAIC's updated morbidity tables. Effective 12/1/89.

Ins 3.25 Refunds, rates, and reserves for credit insurance.

This rule modifies the credit life and credit accident and sickness rule by modifying the schedule for computing refunds if a policy is cancelled prior to the policy maturity date; delays the date on which the Commissioner must give insurers written notice specifying prima facie premium rates; changes the date for insurers to file experience data information with the Commissioner; permits credit insurers to use mortality table-based reserves rather than reserves based on unearned premium; and requires insurers that use alternative methods of calculating reserves to consider all future liabilities. Effective 12/1/89.

Ins 3.32 Compensation paid by title insurers to producers of title insurance.

This rule specifies the method of determining whether a fee paid to a producer of title insurance (realtor or lender) by a title insurer is reasonably related to the services performed. The determination is based on a recognition of the time and effort spent and the risk and expense incurred by the producer, plus an allowance for a reasonable profit. The rule also specifies how to rebut the presumption that a percentage- or formula-based payment is not reasonable. Effective 1/1/89.

Ins 3.39 Standards for disability insurance sold to Medicare-eligible persons.

This rule implements the federal Medicare Catastrophic Coverage Act of 1988, which changed what Medicare pays after January 1, 1989, requiring the Commissioner to adopt new minimum standards for Medicare supplement policies. The rule specifies mandatory coverages, permissible exclusions and limitations, and describes certain formatting requirements. Under the previous rule, insurers were free to add any benefits and riders to policies meeting the minimum standards. Under this rule, an insurer may add only riders specified in the rule. Additional benefits may be offered only in a separate policy. Effective 3/1/89

Ins 3.39 Standards for disability insurance sold to Medicare-eligible persons.

The Commissioner promulgated this emergency rule in response to the repeal of the federal Medicare Catastrophic Coverage Act of 1988 on November 22, 1989. It modifies the minimum standards for Medicare supplement policies that are sold in Wisconsin after December 31, 1989. The rule requires the inclusion of certain benefits in a basic policy which Medicare would have paid under the Act, including Part A hospital and skilled nursing home copayments. The prescription drug rider was modified to permit the application of a $100 deductible before payment of 75% of outpatient prescription drug costs by the insurer. Effective 12/11/89.

Ins 3.40 Coordination of health benefits.

This rule amends the procedures for insurers to follow when a person is covered by two or more group health policies. The amendments to the coordination of benefits (COB) rule accomplish the following:

1. Applies the COB guidelines to blanket policies (group policies that cover unscheduled classes of persons and generally offer limited benefits covering only certain activities) only if they provide continuous, 24-hour coverage. This permits the marketing of limited blanket policies as excess to all other coverage.

2. Removes a conflict in current law by removing from the COB procedure the medical benefits paid under an individual fault-type automobile policy. It also allows the medical benefits of an automobile no-fault-type or group or group fault-type auto policy to be excess to the benefits offered by a group or blanket disability policy.

3. Establishes procedures for determining which parent's plan is primary for a dependent child in situations where the parents have joint custody or are both subject to a court order to provide the child with health care benefits.

4. Clarifies that the COB rule does not apply to benefits paid under Medical Assistance.

Effective 9/1/89.

Ins 3.55 Internal benefit appeals procedures required for nursing home insurance policies and Medicare replacement or supplement policies.

This rule creates minimum standards for the internal benefit appeals procedures that are required by statute to be provided under a nursing home insurance policy or a Medicare replacement or supplement policy. Under this rule, each of these policies must include information on the insured's rights to: 1) submit a request to the insurer for review of any denial of a benefit (i.e., denial of a claim, application of a limitation or exclusion clause, or refusal to continue coverage), and 2) to receive notice of the disposition of the review within 30 days. When an insurer denies a benefit, it must provide the insured with the name, address, and telephone number of the person responsible for administering benefit appeals. Under the rule, an insured is permitted to file a benefit appeal up to three years after the date of the denial.

The insurer must report to the Commissioner annually on benefit appeals, including the information specified in the rule. Benefit appeal records must be maintained for at least three years after the appeal is reported to the Commissioner. Effective 6/1/89.

Ins 6.03 Domestication of nondomestic insurers.

This rule specifies the contents of an application from a nondomestic insurer that wishes to obtain a certificate of incorporation and certificate of authority to become a domestic insurer. The company is required to submit specified information on the corporation and its officers and directors, its business plan (and any proposed changes in the current method of conducting business), including information on geographical area, types of business, marketing methods, policies on reinsurance and assumed reinsurance, investment policy, recent business and anticipated operating results, and ratemaking. The rule establishes the fee for domestication and the time period for the Commissioner to issue the certificates. Effective 6/1/89.

Ins 6.05 Eliminating requirement of annual listing of property and casualty forms by insurers.

This rule repeals a requirement that property and casualty insurers must file with the Commissioner an annual list of all policy forms approved in Wisconsin that provide property, liability, or automobile coverage. The Commissioner's new policy forms data system eliminates the need for this filing. Effective 8/1/89.

Ins 6.10 Disclosure of minimum premium and short-rate cancellation rating factors to insureds.

The Commissioner promulgated this rule to assure that purchasers of property and casualty insurance have access to premium information necessary to make an informed decision on whether to purchase a particular insurance product. If an insurer may return a premium that is less than the pro rata unearned premium, the insurer must provide the policyholder with written notice that there may be a substantial penalty if the policyholder cancels the policy before its expiration date. No premium that is less than the pro rata unearned premium may be returned until at least ten days after mailing or delivery of this notice. The rule prohibits an insurer from returning a premium that is less than the pro rata unearned premium if the insurer initiates cancellation or if the cancellation is due to nonpayment of premium.

Property and casualty insurers are required to file with the Commissioner any schedule of return premium applicable in the event of a policy cancellation where the return premium is less than the pro rata unearned premium. The filing must include the basis of the premium calculation. The rule also prohibits insurers from initiating the cancellation of one policy solely to apply the pro rata unearned premium of that policy to the balance due on another policy. Effective 10/1/89

Ins 6.62 Multiple employer trusts and multiple employer welfare arrangements.

The Commissioner promulgated this emergency rule in response to complaints about illegal multiple employer trusts or associations which market group health care coverage issued by nondomestic companies. The particular targets of these organizations are employers who operate small businesses that experience significant rate increases or coverage rejection and find it difficult to self-fund health benefits.

This rule requires a multiple employer trust or association, or its agent, to file an informational report with OCI before soliciting Wisconsin residents if: 1) it is defined as a multiple employer welfare arrangement under federal law; 2) it is, or purports to be, subject to the federal Employee Retirement Income Security Act and exempt from State insurance regulation, or 3) it is established outside this State and is not domiciled in the United States.

The report must include a copy of any insurance policy or contract covering benefits offered by the organization, a copy of its organizational documents, and a statement that the benefits are fully insured or a description of the extent to which they are not fully insured. The organization must update the filing whenever the information previously provided is no longer accurate.

A multiple employer trust or association that provides coverage subject to a collective bargaining agreement, is fully insured by a Wisconsin-licensed insurer, provides coverage to a governmental unit, is an individual, or is exempted by the Commissioner is not subject to the rule. Effective 12/1/89.

Ins 6.75 Annuities without life contingencies.

This rule enables an authorized life insurer to issue an annuity contract that does not contain a life contingency, i.e., a contract to provide the annuitant with a given income for a specified period, such as a number of years, independent of the annuitant's life or death. If the annuitant dies during the specified period, the payments continue to a beneficiary or other designated payee. An insurer that wants to issue this type of contract must first have the form approved by the Commissioner. The consideration paid may not be based on the purchaser's or any other person's age, health status, or on any mortality or morbidity contingencies. The guaranteed payment amounts must be based on reasonable assumptions and must be equitable to all policyholders. Effective 1/1/89.

Ins 7.02 Amendment to OCI's list of forms.

This rule adds the commercial liability insurance reporting form packet to the list of forms used by OCI's Division of Regulation and Enforcement. Effective 5/1/89.

Ins 14.02 See Ins 22.00 below.

Ins 17.25 and 17.28 Retroactive coverage, exemptions, refunds, credits, fees, and interest.

This rule permits the Board of Governors of the Wisconsin Health Care Liability Insurance Plan and the Patients Compensation Fund to offer retroactive coverage by the Plan and the Fund to a health care provider who discovers that he or she is without statutorily required insurance coverage, and who can show that the failure to obtain the coverage was due to circumstances previously unknown to the provider. The provider must furnish the Board with an affidavit that he or she is unaware of any pending claims or circumstances that might give rise to a claim during the period for which retroactive coverage is sought.

The rule also establishes the conditions under which a health care provider may leave the Fund during a period when he or she temporarily ceases practicing and codifies a number of existing practices relating to exemptions from the insurance requirements for health care providers, and the collection and refunding of Fund fees. Effective 5/1/89.

Ins 17.25 Limits of liability for podiatrists insured by the Wisconsin Health Care Liability Insurance Plan.

This emergency rule raises WHCLIP's per occurrence limit of liability, for licensed podiatrists only, from $400,000 to $1,000,000, enabling podiatrists to purchase occurrence coverage that meets the statutory insurance requirement for these providers. Effective 10/16/89.

Ins 17.28 Patients Compensation Fund fees for health care providers.

The rule was amended to establish, for fiscal year 1989-90, the fees for health care providers participating in the Patients Compensation Fund. Effective 6/1/89 (emergency rule); 8/1/89 (permanent rule).

Ins 18.05, 18.12, and 18.13 Revision of rule governing the Health Insurance Risk Sharing Plan.

This rule establishes cost containment requirements for HIRSP, including preadmission and concurrent review of hospital admissions, pretreatment and concurrent review of outpatient services, and case management. New policyholders must be provided with a written description of these cost containment services and the compliance procedures.

The rule also includes a number of provisions relating to procedures applicable to the deductible reduction available to low-income HIRSP policyholders and makes technical corrections to conform the rule to current statutes.

Ins 22.00 Regulation of legal expense insurance and allowance for modification of capital requirements.

The Commissioner promulgated this rule after finding that certain plans of legal expense coverage, although they qualify as insurance plans, do not require regulation by the Office. The rule applies to contracts made by attorneys or law firms which are mass-marketed and charge a fee that is not based on an individual estimate of the cost of services provided to an individual. The following are exempt from regulation: 1) State and local bar association lawyer referral services; 2) legal assistance furnished by an employe organization to its members for employment-related matters; 3) legal assistance furnished to members by a church, cooperative, educational institution, credit union, or employe organization under certain specified conditions; and 4) employe welfare benefit plans subject to the federal Employee Retirement Income Security Act. Certain other legal expense insurance plans offering very limited services at low or reduced rates are subject to only limited regulation.

The rule also permits the Commissioner to reduce the capital requirement for an insurer, including one offering nonexempt legal expense insurance, based on the insurer's circumstances. Effective 2/1/89.

Ins 25.00 Changes in Medicare supplement benefits under federal law.

This rule implements the provisions of the Medicare Catastrophic Care Coverage Act of 1988, under which states must require insurers to modify existing Medicare supplement policies. The purpose of the rule is to require the reasonable standardization of the coverage, terms, and benefits of Medicare supplement policies, to ensure that the public has access to information about this type of insurance, and to eliminate policy provisions that would duplicate Medicare benefits. The rule establishes benefit conversion requirements and requirements for new policies, and requires insurers to file copies of Medicare supplement advertising with the Commissioner.

ADVISORY BOARDS AND COUNCILS

Wisconsin law, s. 15.04, Wis. Stat., provides that heads of independent agencies may create and appoint such councils and committees as the operation of the agency requires. The insurance law, s. 601.20, Wis. Stat., authorizes the Commissioner of Insurance to create advisory councils and committees to assist in dealing with regulatory problems. The Commissioner is to provide by rule for the creation, governance, duties, and termination of any council or committee which is established. The expert advice provided the Commissioner through these councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.

The Commissioner and staff members also serve on various councils and boards and thus aid Wisconsin residents by providing advice and suggestions on matters related to insurance regulation.

A description of the various councils and boards with which the Office of the Commissioner of Insurance is involved follows:

Insurance Security Fund Board

This Board administers the Insurance Security Fund established by ch. 646, Wis. Stat., to provide a mechanism for protecting insureds in the event of liquidation of insurers and to assess the cost of such protection among insurers. The Commissioner of Insurance, along with the Attorney General, and the State Treasurer, are members of this Board and serve with eight representatives of insurers subject to ch. 646, Wis. Stat., appointed by the Commissioner upon consideration of the recommendation of insurance organizations.

Wisconsin Retirement Board

The Wisconsin Retirement Board is created in the Department of Employe Trust Funds by s. 15.165 (3) (b), Wis. Stat. It is a nine-member Board. Seven members represent employers or employes who participate in the Wisconsin retirement system, one is a public member, and one is the Commissioner of Insurance or an experienced actuary in the Office of the Commissioner of Insurance. The Board studies and recommends alternative administrative policies, authorizes and terminates disability annuity payments, and approves or rejects administrative rules that relate to participants in the retirement system other than teachers.

Group Insurance Board

Section 15.165 (2), Wis. Stat., created a Group Insurance Board in the Department of Employe Trust Funds. The Commissioner of Insurance or designee is a member of the Board. The Group Insurance Board is authorized to enter into contracts with insurers to provide the group insurance plans provided for by this chapter or to provide the benefits on a self-insured basis. It also provides general administrative policy for the group insurance programs for health care, income disability benefits, life insurance and deferred compensation plans authorized for state and other public employes under ch. 40, Wis. Stat. The specific powers of the Board are enumerated under s. 40.03 (6), Wis. Stat.

Council on Fire Service Training Programs

This body, authorized by s. 15.947, Wis. Stat., functions under the State Board of Vocational, Technical and Adult Education, and furnishes advice and guidance to the Board in the establishment and maintenance of training programs in fire prevention and protection. The Council comprises representatives from the Division of Emergency Government (Bureau of Civil Defense and Disaster Control), the Department of Industry, Labor and Human Relations, and the Office of the Commissioner of Insurance, together with six members of fire departments appointed by the Governor for staggered six-year terms.

Joint Survey Committee on Retirement Systems

This Committee performs duties mandated under s. 13.50, Wis. Stat. The Committee is comprised of two majority party senators, one minority party senator, two majority party representatives to the assembly, one minority party representative to the assembly, an assistant attorney general, a member of the public selected by the Governor, the Commissioner of Insurance or a designated experienced actuary in the Office, and the Secretary of the Department of Employe Trust Funds.

This Committee evaluates all legislative proposals which would create or modify any system of retirement for public officers or employes. No such bill may be acted upon by the Legislature until it has been referred to this Committee for preparation of a written report. The report must indicate the probable cost involved; the effect of the proposal upon the actuarial soundness of existing retirement systems; and the desirability of the proposal as a matter of public policy.

Retirement Research Committee

This Committee performs duties mandated under s. 13.51, Wis. Stat. Its membership represents employe and employer groups having vested interests in various state retirement programs. The Committee has investigatory powers over all state retirement systems for public employes. In addition, it may require any public pension or retirement system to furnish it with periodic financial reports and records. The Committee conducts a continuous review of retirement benefits afforded to public employes under the existing state system. It maintains a current reference library of all public employe pension and retirement plans throughout the United States and makes its findings and recommendations available to the Governor and the Legislature.

Property and Casualty Advisory Council

This Council, created by s. Ins 6.79, Wis. Adm. Code, advises the Commissioner on regulatory matters in the areas of property and casualty insurance. The Council has four insurance company members, two agent members, and three public members. The members who served during 1989 are listed below:

COMPANIES IN LIQUIDATION

ALL-STAR INSURANCE CORPORATION, IN LIQUIDATION

All-Star Insurance Corporation was placed in liquidation on March 1, 1977, by the Circuit Court of Milwaukee County, Wisconsin. A final distribution of assets was made to Class 3 claimants which together with previous distributions amounted to approximately a 99% payment of allowable Class 3 claims.

On January 12, 1990, the final order in the liquidation estate of All-Star Insurance Corporation was issued by the Court, terminating all proceedings and discharging the Liquidator.

Assets which remained in the estate were abandoned as unclaimed property and transferred to the Treasurer of the State of Wisconsin, pursuant to s. 645.74 (1), Wis. Stat., in accordance with the final order and discharge of the Liquidation Court.

FIRST TRANSCONTINENTAL LIFE INSURANCE CORPORATION, IN LIQUIDATION

First Transcontinental Life Insurance Corporation was declared insolvent and ordered into liquidation by the Dane County Circuit Court as of October 16, 1988. The company wrote about $40 million in group health insurance, with a small amount of group life premium. Business was actively written in 27 states.

A partial distribution in the amount of $6 million was made to Class 3 loss claimants in 1989. This distribution amounted to a 60% payment to allowable Class 3 claims. Virtually all assets have been converted to cash or its equivalent; as of December 31, 1989, assets totaled $12.5 million. The liquidator anticipates there will be final distribution of assets in 1990 to Class 3 loss claimants. No distributions are contemplated to claimants subordinate to Class 3 claimants.

FRANKLIN MUTUAL INSURANCE COMPANY, IN LIQUIDATION

Franklin Mutual Insurance Company was placed in liquidation on January 16, 1986, by the Circuit Court of Dane County, Wisconsin.

By agreement with the Office of the Commissioner of Insurance, Heritage Mutual Insurance Company is performing the administrative functions for the liquidation.

Administrative expenses of $50,322.97 for 1989 have been paid and approved by the court. Class 3 loss claims of $43,708.19 for 1989 were paid and approved by the court.

As of December 31, 1989, there are approximately five loss claims remaining to be settled. All Class 4 (unearned premium) and Class 5 (general creditor) claims have been paid.

While the ultimate assets available for distribution to the various classes of claimants under s. 645.68, Wis. Stat., is dependent on the extent of loss claims under Class 3 and the reinsurance recoverable thereon, filed financial data shows there will be sufficient assets to pay claims in Classes 1, 2, 3, 4, and 5 in full. As of October 31, 1989, the liquidation account had assets of $700,118.95 including reinsurance recoverable on losses paid of $90,333.49.

MARTELL MUTUAL TOWN INSURANCE COMPANY, IN LIQUIDATION

Martell Mutual was placed in liquidation on August 21, 1980, in the Circuit Court for St. Croix County, Wisconsin. Gary L. Bakke was appointed Special Deputy Commissioner to liquidate the company.

Martell Mutual policyholders suffered windstorm losses of approximately $5,100,000.00 on July 15, 1980. Inadequate reinsurance and a preexisting weak financial position resulted in an inability to pay the claims. Martell Mutual policies were assessable. Two assessments were levied totaling $2,925.973.00. Collections now exceed 95%.

Assets were collected and a major lawsuit settled, which permitted a refund to policyholders of all unearned premiums and 81% of the second assessment on June 30, 1983.

All claims and expenses of the administration incurred to date have been paid in full.

In an effort to collect on delinquent policyholder assessments, in May 1988 the liquidator obtained a Court Order for delinquent policyholders to appear for Supplementary Proceedings. Notices to Appear were sent to 85 of the 125 policyholders who remain delinquent. No current address is available on the remaining 40 policyholders. Additionally, letters were sent to all agents who have not repaid unearned commissions. Many policyholders failed to appear as ordered. A total of $12,455.00 was collected from policyholders and agents in 1989. The amount remaining owing to the liquidator for unpaid assessments, penalties, and interest as of December 31, 1989, is $123,954.00. It must be remembered that, by statute, the inital assessments bore interest at 2% per week for the first 50 weeks, and therefore the actual unpaid assessments are much less than indicated.

Approximately $4,176.77 of outstanding checks from the unearned premium and assessments refunded on June 30, 1983, remain uncashed. These checks were either not cashed by the policyholder or were returned by the post office as nondeliverable. The liquidator will attempt to notify such policyholders and reissue checks as necessary in order to dispose of all funds payable to policyholders from the refunds issued in 1988. Any funds remaining after such attempt may escheat to the State, pursuant to Ch. 117, Wis. Stat.

Approximately $129,500.00 is held in interest-bearing accounts to be distributed to policyholders as a partial refund of assessments. The liquidator is presently confirming addresses of policyholders prior to making a final distribution of the assets currently held by the liquidator. It is anticipated that this distribution will be made in June or July of 1990.

MILWAUKEE COMMUNITY HEALTH PLAN, INC. d/b/a HEALTHREACH, IN LIQUIDATION

Milwaukee Community Health Plan, Inc. was placed into liquidation on September 30, 1987. A final distribution of its assets was made December 26, 1988.

Providers not under contract with HealthReach received a direct settlement of $125,000.00 from the reinsurer on November 18, 1988, under the insolvency provision of the reinsurance agreement. Virtually all of the 11,180 enrollees of this HMO were protected by either hold-harmless agreements in provider contracts or federal prohibitions against collections from Title XIX enrollees.

The assets of the company were distributed as follows:

$2,317.05 to Class 3 claimants (policyholders);

$577,424.00 to Class 5 claimants (medical providers and general creditors).

The Class 3 distribution represented 100% of allowable claims; the Class 5 distribution was about 35% of allowable claims. No further distributions are contemplated.

The $2,205.03 in assets which remained in the estate at December 31, 1988, were abandoned as unclaimed property and transferred to the Treasurer of the State of Wisconsin, pursuant to s. 645.74 (1), Wis. Stat., in accordance with the final order and discharge of the Liquidation Court.

A Final Order and Discharge of the Commissioner of Insurance in his capacity as Liquidator of the Milwaukee Community Health Plan was approved by the Liquidation Court on December 23, 1988.

RELIABLE LIFE AND CASUALTY COMPANY, IN LIQUIDATION

The Reliable Liquidation Account, a segregated account of Reliable Life and Casualty Company, containing substantially all of the assets and liabilities of Reliable Life and Casualty Company (Reliable), was created and ordered into liquidation by the Dane County Circuit Court (Liquidation Court), effective October 7, 1981.

During 1989, the liquidator's lawsuit against Reliable's former certified public accountant and consulting actuaries was resolved by an out-of-court settlement. As of December 27, 1989, the Reliable Liquidation Account had $7,939,666.00 in cash and short-term securities, and $48,000.00 in other assets. In early 1990, the Liquidation Court approved the distribution of $7,608,666.00 to the Wisconsin Insurance Security Fund (WISF) as a Class 3 claim. It is anticipated that all claims subordinate to Class 3 will not be paid because of insufficient funds, and that the remainder of WISF's $9.05 million claim will not be paid, except to the extent that funds reserved for administrative and other expenses are not spent.

WISCONSIN MORTGAGE ASSURANCE CORPORATION, IN LIQUIDATION
WMBIC INDEMNITY CORPORATION, IN LIQUIDATION
WMAC CREDIT INSURANCE CORPORATION, IN REHABILITATION

At the request of Wisconsin Mortgage Assurance Corporation ("WMAC") and its subsidiary, WMAC Credit Insurance Corporation ("Credit"), the Office of the Commissioner of Insurance ("OCI") petitioned the Dane County Circuit court for orders placing WMAC in liquidation and Credit in rehabilitation, which were entered on February 28, 1985. Former Wisconsin Supreme Court Chief Justice Bruce F. Beilfuss was appointed Deputy Liquidator and he established August 28, 1985, as the deadline for filing claims against WMAC. Most of WMAC's existing liabilities were assumed on a quota share basis by a group of reinsurers--which secured their obligations by trust funds--and Mortgage Guaranty Insurance Corporation ("MGIC") entered into an agreement with the Liquidator to provide management services for WMAC. Credit is also managed by MGIC in the rehabilitation proceeding.

WMBIC Indemnity Corporation ("WMBIC"), an affiliate of WMAC, also requested that OCI petition the court for an order of liquidation, which was entered June 28, 1985. Justice Beilfuss was again appointed Deputy Liquidator and he established December 28, 1985, as the deadline for filing claims. Most of WMBIC's liabilities were also reinsured, and MGIC entered into an agreement to manage most of WMBIC's affairs.

Matthew C. Mandt was appointed Special Deputy to the Liquidator of WMAC and WMBIC, and Special Deputy to the Rehabilitator of Credit, in August 1986 to succeed the late Justice Beilfuss.

WMAC

At year-end 1989, WMAC had approximately $66.6 million in assets and $12.3 million in capital and surplus (not including intercompany accounts). The insurance in force that was assumed by the quota share reinsurers totalled approximately $29.9 billion in primary insurance and $8.9 billion in pool insurance at December 31, 1989. In 1989, WMAC wrote approximately $86.5 million in gross renewal premiums and paid losses of approximately $332.3 million on the reinsured mortgage business. The Capital Trust Fund, which secured the quota share reinsurers' obligations with assets equal to two-thirds of WMAC's minimum policyholders position, expired on December 31, 1989. The Reserve Trust Fund, which continues to secure the obligations of the quota share reinsurers, held approximately $230.7 million in assets at year-end 1989.

The Liquidator anticipates that the reinsured business will be run-off in the liquidation for the foreseeable future. The quota share reinsurers have fulfilled and reaffirmed their obligations on the WMAC business in force on the date of the liquidation. However, the Liquidator has not been able to collect certain pre-liquidation reinsurance from TMIC Insurance Company ("TMIC"), which was placed into liquidation in California in 1988, and from three reinsurers (the "Treaty 115 Reinsurers") which have disclaimed liability for certain mortgage insurance assumed from WMAC in 1983 and 1984. The Treaty 115 Reinsurers obtained a court order requiring the Liquidator to arbitrate the dispute.

As of September 30, 1989, WMAC's manager reported advancing $4,702,883 to pay claims reinsured with TMIC and the Liquidator has reimbursed the manager for that amount. The manager has projected that WMAC's remaining net liability for such claims is approximately $3 million. Although the Liquidator has filed a claim in the TMIC liquidation, the TMIC liquidator has asserted that any recovery by WMAC is unlikely. As of September 30, 1989, WMAC had paid $2,646,170 in claims that should have been reimbursed by the Treaty 115 Reinsurers, and the Liquidator expects to pay approximately $750,000 more for such claims.

There are no significant claims against the WMAC liquidation estate that are unrelated to WMAC's mortgage insurance business.

Credit

Year-end 1989 estimates indicate that Credit had approximately $6.2 million in assets and $4.5 million in capital and surplus. In 1989, Credit wrote approximately $300,000 in renewal premiums and paid losses of approximately $159,000. The Rehabilitator anticipates that Credit's business will be run-off in the rehabilitation for the foreseeable future.

WMBIC

Preliminary reports indicate that WMBIC had approximately $55.9 million in assets and $44.3 million in capital and surplus at September 30, 1989. In the first three quarters of 1989, WMBIC incurred net losses and net loss adjustment expenses in the amount of approximately $5 million.

The bulk of WMBIC's remaining insurance liabilities involve directors and officers ("D&O") liability insurance claims. In 1989, the Liquidator resolved 92 D&O claims and four claims were filed, leaving 127 such claims open in the liquidation at December 31, 1989.

Continental Casualty Company ("CNA") managed WMBIC's D&O claims from October 1985 until August 1989, when servicing responsibilities were transferred to agents of PHLCorp, Inc., WMBIC's residual equityholder. The transfer of claim servicing was in conjunction with an August 1989 settlement with CNA, in which the Liquidator relieved CNA of the contingent obligation to assume liability for the D&O claims and paid CNA $15 million for a release of all but one of CNA's claims against WMBIC and its affiliates (including the contingent claim filed by CNA with respect to a D&O policy issued to Community Savings & Loan Association of Maryland).

Fourteen noninsurance claims and a small number of claims in lines other than D&O were open in the WMBIC liquidation on December 31, 1989. The Liquidator expects that these claims will not have a significant effect on the liquidation.

No guaranty fund has paid any losses on behalf of WMAC or WMBIC, and the Liquidator anticipates that no such payments will be necessary. Reports are filed monthly with the liquidation court.

III - DIVISION OF REGULATION AND ENFORCEMENT

DIVISION OF REGULATION AND ENFORCEMENT

The Administrator of the Division on Regulation and Enforcement, along with the Consumer Attorney, is responsible for directing most enforcement actions against agents and companies, and for pursuing these cases through the appeals and settlement process. The Administrator is also responsible for general program and policy development in the Division and for preparing and distributing public information materials.

Bureau of Market Regulation. This bureau is responsible for reviewing the rates, forms and contracts filed with the agency by insurers; examining insurer rating procedures, advertising files and policyholder reserves; staffing several risk sharing plans; providing assistance to consumers in resolving problems with insurers and agents; conducting field reviews of insurer marketing practices; investigating agent and insurer activities; preparing enforcement proceedings; and recommending administrative actions to correct violations discovered.

Bureau of Financial Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts field audits of domestic insurer operations; reviews financial statements for all admitted insurers; administers insurer rehabilitations and liquidations; reviews insurer applications for admission to Wisconsin, merger and acquisition plans, and holding company transactions; audits and collects insurer taxes and fees; and collects and administers the fire department dues program.

Office of Research and Public Information. This unit is charged with developing, printing, and distributing information for insurance consumers. This section also conducts research and policy studies on insurance issues and legislation.

BUREAU OF FINANCIAL EXAMINATIONS

The principal function of the Bureau of Financial Examinations is to monitor the financial condition of all insurers licensed to market insurance in Wisconsin and determine whether an insurer's financial solidity is acceptable for continued operation in Wisconsin. Monitoring includes the examinatin of the accounts and records of companies and the analysis of statements submitted to the Department. Monitoring activities further include the review of CPA audit reports and updates to the company profile data base.

The bureau also maintains and reviews holding company filings required by s. Ins 12.01, Wis. Adm. Code, reviews financial reports for surplus lines insurers, collects quarterly and year-end premium taxes, and collects fire department dues as required by s. 601.93, Wis. Stat. In addition, the bureau handles applications for Certificates of Authority and also approves mergers of insurance companies.

Among the major accomplishments in 1989 were:

- Participated in the selection, acquisition, and installation of a new office computer and operating system; and the development and implementation of an expanded insurance company data base, utilizing annual statement data captured through various electronic media.

- Through work with a special industry task force on Continuing Care Retirement Communities (CCRC), developed recommendations for appropriate financial reporting standards and licensing procedures.

- Assisted Data Processing Section in the development, implementation, and testing of a computerized on-line premium tax allocation system, utilizing the new office minicomputer.

- Continued development of automated audit procedures through use of special audit software in the examination of insurance companies and conducted on-the-job training of examiners in the use of audit software and automated audit procedures.

- Revised tax forms to reflect and implement legislative changes and clarify the method of calculating premium taxes.

- Participated in drafting and implementation of legislation related to the regulation of mortgage guaranty insurers.

- Participated in an industry working group charged with developing proposed revisions to the Hospital, Medical, and Dental Service or Indemnity Corp. annual statement blank.

- Participated in the 1989 Examiner Team Project of the NAIC Examination Oversight (EX4) Task Force. The examiner team is charged with the analysis of insurer financial statements to determine the factors contributing to unusual IRIS (Insurance Regulatory Information System) results, and the reporting of their findings to the domiciliary states for targeted companies.

- Participated in the development of forms and reporting requirements relating to the implementation of increased financial standards for health maintenance organizations.

BUREAU OF MARKET REGULATION

The Bureau of Market Regulation is responsible for the administration and enforcement of the Wisconsin Statutes relating to insurance policy forms, policyholder service, marketing and advertising practices, underwriting rules, and claims practices. Responsibilities also include reviewing complaints, investigating violations of the Wisconsin insurance statutes, and conducting market conduct examinations of insurance companies and agents. Market conduct examinations focus on the business practices of the examinees and are designed to detect problems in marketing and advertising, policyholder service, underwriting, and claims handling. The Bureau is also involved in the development of administrative rules and statutory language.

Among the major accomplishments in 1989 were:

- implementation of a complainant satisfaction survey;
- participation in the development of an on-line computerized complaint processing system;
- implementation of a commercial liability insurance price monitoring system;
- implementation of a reporting mechanism to detect unauthorized insurers in small group health insurance plans;
- implementation of a reporting system to monitor discriminatory market shares by geographic location;
- revision of the Medicare supplement insurance regulations in response to the repeal of the Medicare Catastrophic Coverage Act of 1988;
- implementation of a system to track the amount of funds the Office assisted complainants to recover;
- implementation of a toll-free complaint phone number; and
- participation in the monitoring of residual market mechanisms including the Wisconsin Worker's Compensation Insurance Pool, the Wisconsin Automobile Insurance Plan, and the Wisconsin Insurance Plan. The staff also participated on the Wisconsin Arson Insurance Council, the Commissioner's advisory councils, the Local Government Property Insurance Fund, and the Health Insurance Risk Sharing Plan.

Policy Form Submission

The following tables summarize the policy form submission data for 1989. Table I shows the number of policy forms received by line of business for each type of insurance. Table II shows the number of policy forms received by type of filing for each type of insurance. Table III shows the number of policy forms approved during the year by line of business for each type of insurance.

Complaints

The following tables summarize the Bureau's complaint data. Table I shows a comparison of complaint activity over the last five years. A complaint is defined as a written expression of dissatisfaction with an insurance company or agent. Complaints may initially be received either in person, by telephone, or in writing. To be considered a formal complaint which initiates an inquiry or investigation, a complaint should be in writing. The data presented is based upon formal complaints.

In addition to the formal complaints, an increase of 6.7% over 1988, the Bureau also handled in excess of 40,000 general inquiries or requests for information in 1989. Most such inquiries were by telephone, with the remainder being written communications and "walk-ins." The substantial increase in the number of complaints opened is attributed to a combination of public outreach and advertising activities by the Office, such as the toll-free complaints hotline, a broader distribution of complaint forms, and a better use of other state agencies to refer insurance problems to the Office as complaints.

Table II shows 1988 and 1989 complaints by type of insurance. When reviewing this information, it is important to note that a complaint may involve more than one type of insurance. Table III shows the area of insurance operations which generated the complaint. As with Table II, a complaint may involve more than one area of insurance operations.

As pointed out in last year's report, the Bureau instituted a complaint appeal process in 1988. This was implemented to give those complainants whose complaints were not resolved as they had originally requested an opportunity to have their complaints reviewed by the Office's management staff or provide additional information on their complaint to Office management.

Table IV reflects the complaint appeal activity.

COMMERCIAL LIABILITY INSURANCE REPORTS

Section 601.422, Wis. Stat.

The first reports on Commercial Liability Insurance required by s. 601.422, Wis. Stat., were received in 1989 and are summarized in the following tables. All of the information is for commercial liability insurance written in Wisconsin by authorized insurers. The data required by this statute was collected from the following three sources:

1. the insurers themselves,
2. statistical agents utilized by the insurers, and
3. the National Association of Insurance Commissioners data base.

Reporting threshholds were established by this Office in conjunction with the statistical agents to eliminate insurers writing marginal amounts of insurance.

Table I includes information required for policy year 1987. Lines one and two were calculated by applying the ratios of investment gain and other expenses to net premium earned for other liability as reported in the Insurance Expense Exhibit to direct premiums earned. Since the Insurance Expense Exhibit information is on a calendar year basis, the ratios applied represent the average of calendar years 1987 and 1988 which are the two calendar years included in policy year 1987. The number of policies written, the number of claims closed without payment, and the number of legal actions filed were provided by the insurers. The remaining policy year information was provided by statistical agents.

The three data elements provided directly by the insurers were reported only for the most recent policy year, making it impossible to detect any trends.

It should be noted that the liability for claims incurred but not reported (IBNR) is calculated differently depending on the market. The calculation is based on the application of standard loss development factors for the major categories of Owners, Landlords and Tenants, Manufacturers and Contractors, Premises and Operations, and Products and Completed Operations. With the exceptions of Excess and Umbrella, the calculations for the remaining categories are computed by applying the ratio of claims IBNR to direct premium earned for the appropriate major category to the direct premium earned for the category being calculated. Approximations for Excess and Umbrella are based on the general liability expected loss ratio. The long-tailed nature of Excess and Umbrella insurance as evidenced by the low ratio of paid claims plus reserves for reported claims to total incurred after even three and four years of development can create difficulty when attempting to establish an accurate liability for claims IBNR.

As noted previously, much of the data is from individual insurer reports and individual statistical agent reports and has been accepted by this Office without audit. For example, it is quite possible that LAE has been coded to losses in some instances.

Table II summarizes key ratios and averages for supplemental commercial liability data for the most recent five policy years submitted on a voluntary basis by certain statistical agents and the NAIC. Several cells in this table are incomplete for a variety of reasons including Premises and Operations not introduced until policy year 1986, and lack of activity for selected categories in certain policy years. Incomplete cells are indicated by an asterisk. This historical data represents about 85% of the commercial liability premium written in Wisconsin.

While this data indicates that the average loss ratios for policy years 1983 through 1987 were generally quite high, a clear trend toward recovery of loss ratios is present subsequent to 1985. As one would expect, average paid claims are smaller for more recent policy years. The older policy years are more mature and include a higher proportion of severe, hard to settle claims, while the more recent policy years include a higher proportion of quick settling claims. This observation is further supported by the fact that average case reserves are also smaller in the more recent policy years. These averages tend to drop as many claims are settled for little or no cost thus reducing the claim counts. The average incurred loss per claim count indicates an upward trend in severity of claims with a slight moderation in the most recent policy year. The variability in these averages for the specific classifications of insurance stem from the small sample of claims in these narrow classes.

Allocated loss adjustment expense (basically for outside lawyers and claims adjusters) averaged between 10.1% and 13.6% of earned premium for the major sublines. The four-year averages varied widely for the specific classifications, from a low of .6% for umbrella liability to a high of 38.8% for liquor liability. IBNR losses are beginning to show a pattern of increase for most categories. The percentage change in premium earned between successive policy years generally shows marked increases peaking in 1985 and decreases in 1987. For the major categories these increases could be interpreted as implementation of major rate relief. However, care must be taken in interpreting the results for the more specific categories. During this period many risks in these categories may have gone without insurance or shifted into the surplus lines market. It should be noted that the increases in lawyers liability and, to a lesser extent, municipal liability, can be attributed to expansion of the data base for these coverages during the most recent policy year through use of special calls for data from selected companies. This introduced premium from these companies which was not included in previous policy years. Increases in Premises and Operations during the most recent policy year may reflect shifting in Premium from Owners, Landlords and Tenants; and Manufacturers and Contractors to this category.

MEDICAL MALPRACTICE INSURANCE REPORTS

Section 601.427, Wis. Stat.

The third reports on Medical Malpractice Insurance required by s. 601.427, Wis. Stat., were received in 1989 and are summarized in the following table. All of the information is for medical malpractice insurance written in Wisconsin by authorized insurers. Insurers which wrote less than $300,000 annually in medical malpractice insurance premiums in Wisconsin were not required to report.

The first five lines are for the calendar years indicated by the column headings. The Average Written Premium per Policy is calculated from the entries in the previous two lines. The next twelve lines are for the policy years shown by the column headings.

The information included in the final four lines under policy year 1986 and 1987 about legal actions, verdicts, or judgments required by s. 601.427 (2) (j) through (m), Wis. Stat., is being reported for the second time. This information was eliminated from the reporting requirements in the initial year as being burdensome as this information was not part of any prior financial or statistical reporting requirements for insurers.

It should be noted that the data below are from individual insurer reports and has been accepted by this Office without audit. This report combines the experience for all physician and surgeon classifications, other health care professionals, hospital, and other health care facilities and includes the experience of the Wisconsin Health Care Liability Insurance Plan. In addition, the data does not separate occurrence policy experience from claims-made policy experience which have different claims payment experience patterns.

Due to the fact that some data are on a calendar year basis and some are on a policy year basis, no conclusions should be drawn as to the excessiveness or inadequacy of the cost of providing medical malpractice insurance or as to its profitability to the insurers writing this line of business over the past years. A comparison with the summary table for the previous year will prove fruitless due to the fact that companies generally have done a better job of data reporting in the most recent year.

It is only possible to conclude from these data that the average premium written per policy remained quite stable for the policy years between 1979 and 1983 before rising steadily in subsequent policy years. The pure loss ratio, which consists of the sum of claims paid, reserves for open claims, and reserves for claims incurred but not reported divided by written premiums, after peaking in 1982 has been steadily declining in subsequent years. The apparent rate relief initiated in 1984 continues to fuel improvement in the pure loss ratio. There has been some evidence that rates are softening at this point.

The individual classification reports by company from which the summary table was derived have been maintained in this Office.

PRODUCT LIABILITY INSURANCE REPORTS

Section 601.425, Wis. Stat.

The third reports on Product Liability Insurance required by s. 601.425, Wis. Stat., were received in 1989 and are summarized in the following table. All of the information is for product liability insurance written in Wisconsin by authorized insurers. Insurers which wrote less than $50,000 annually in product liability insurance premiums in Wisconsin were not required to report.

The first five lines are for the calendar years indicated by the column headings. The Average Written Premium per Policy is calculated from the entries in the previous two lines. The next twelve lines are for the policy years shown by the column headings.

The information included in the final four lines under policy year 1986 about legal actions, verdicts, or judgments required by s. 601.425 (2) (j) through (m), Wis. Stat., is being reported for the second time. This information was eliminated from the reporting requirements for the first year as being burdensome as this information was not part of any prior financial or statistical reporting requirements for insurers.

It should be noted that the data below are from individual insurer reports and has been accepted by this Office without audit. In addition, the data does not separate occurrence policy experience from claims-made policy experience which have different claims payment experience patterns.

Due to the fact that some data are on a calendar year basis and some are on a policy year basis, no conclusions should be drawn as to the excessiveness or inadequacy of the cost of providing product liability insurance or as to its profitability to the insurers writing this line of business over the past years. A comparison with the summary table for the previous year will prove fruitless due to the fact that companies generally have done a better job of data reporting in the most recent year and more companies are included in the most recent year.

It is only possible to conclude from these data that the average premium written per policy declined in all but one of the policy years between 1979 and 1984. The pure loss ratio, which consists of the sum of claims paid, reserves for open claims, and reserves for claims incurred but not reported divided by written premiums, more than doubled from 1979 to 1984. The apparent rate relief implemented in 1985 as indicated by the increase in the average premium written per policy seems to have brought the pure loss ratio in line with the 1979 experience. Further rate relief is indicated for 1986 where further improvement in the pure loss ratio is witnessed by these data. There appears to have been a slight softening in this market during 1987 as indicated by a slight reduction in the average written premium per policy and a slight increase in the pure loss ratio.

OFFICE OF RESEARCH AND PUBLIC INFORMATION

The Office of Research and Public Information is responsible for staffing advisory councils and ad hoc working groups or task forces, directing the public information program of the Commissioner's Office, and conducting special studies.

Major activities for 1989 included:

- Organizing and carrying out the "Midwest Conference on Access to Health Care";
- Staffing the Life and Disability, Financial, and Property and Casualty Advisory Councils;
- Carrying out a Robert Wood Johnson Foundation grant relating to the uninsured;
- Consulting with the Department of Health and Social Services in the development of the State Health Insurance Plan;
- Participating in agent training sessions related to Medicare supplement and long-term care;
- Researching and writing a report on mandated benefits;
- Speaking to various groups on insurance issues; and
- Updating materials on Medicare supplement policies, nursing home insurance, and HMOs.

IV - DIVISION OF ADMINISTRATIVE SERVICES

BUREAU OF STAFF SERVICES

The Bureau of Staff Services is responsible for general administrative functions of the agency, including budget and finance, word processing, data processing, the licensing of insurance agents, personnel, payroll, internal record keeping, and mail service.

Agent Licensing Section

During 1989, 11,785 candidates registered for the major examinations: life. accident and health, property and casualty. Of that number, 9,923 tested--6,481 candidates passed. For the limited lines examinations of auto, title, credit life/sickness, and town mutual noncasualty, 636 candidates registered, 562 tested, and 290 candidates passed.

As of December 31, 1989, there were 60,881 licensed insurance agents and 330,000 appointments by insurance companies authorizing the licensed agents to market their products.

Data Processing Section

In the past year, the data processing staff completed the programming for a financial accounting system. It assists in producing purchase orders and vouchers. A fiscal year budget is entered in June. During the course of the year, purchase orders encumber monies and vouchers deduct from the balances. A report is produced to list balances in accounts. Analysis was done for an invoice tracking system. The on-line portion and the printed invoice was completed. The delinquent letters and requested reports will follow in the coming year.

The analysis was completed for an updated consumer complaint system. The on-line portion is 90% completed. The batch reporting and letter writing portion was started. This system when complete will replace an outdated tape and batch system that was dependent on off-line data entry. The new system will have on-line adds, updates, inquiries, and historical tracking of all complaints. It will have a complete set of correspondence letters that can be requested by staff.

The analysis for a new agent licensing system is about 75% completed. The analysis will be finished in the new year and the programming begun.

A minicomputer was purchased and installed. There are 80 terminals attached as well as 9 printers. It is used for word processing and office messaging. New data processing applications will be built around a relational data base package. Also installed was software to be used by the staff to do query and report. As new applications are built and data tables added to the system, all OCI staff can build their own queries to do ad hoc information gathering.

Analysis was completed for a new premium tax allocation system. The on-line portion is 75% completed. The reports and late payment penalty letters are 50% completed.

BUREAU OF FUNDS

LOCAL GOVERNMENT PROPERTY INSURANCE FUND

The purpose of the Fund is to make reasonably priced property insurance available to tax-supported local government property such as government buildings, schools, libraries, and motor vehicles. Coverage is available on an optional basis. As of July 1, 1989, the Fund insured: 62 counties, 228 schools, 127 cities, 54 towns, 125 villages, and 48 miscellaneous entities (libraries, etc.). The total amount of insurance in force as of July 1, 1989, was $12,686,017,557.

Ninety-five percent of the Fund's insureds are using the valuation project service which began in 1988 and is now in its second cycle. This unique method of valuing buildings, contents, property in the open, and contractor's equipment was developed to promote equity of premiums and the proper reporting of values. Participants not only have broader coverages, but enjoy the benefits of automatic computer-generated statement of values.

STATE LIFE INSURANCE FUND

The State Life Insurance Fund is a segregated fund located within the Office of the Commissioner of Insurance. The Fund offers a maximum of $10,000 of life insurance to state residents. Operating as a mutual insurance company, the Fund is supervised by the commissioner.

Commencing April 1, 1986, the Fund developed a new plan series using the 1980 CSO mortality table. The Fund discontinued issuing the endowment plan and initiated a single premium life product which is very popular.

The Fund, which is self-funded through premiums and investment earnings, was audited by the Legislative Audit Bureau for the period January 1, 1986, through December 31, 1987, as required by s. 13.94, Wis. Stat.

Wisconsin is the only state in the nation that offers a low-cost life insurance program to residents. All policies issued are participating. Due to the high surplus position, the Fund increased the dividends effective April 1, 1990. Since residents pursue the insurance, the lapse rate on Fund policies is a low 1.099%. As of December 31, 1989, there were 29,663 policies in force.

PATIENTS COMPENSATION FUND

The Patients Compensation Fund was created in 1975 to provide excess medical malpractice insurance for Wisconsin health care providers. The Fund is governed by a 13-person Board of Governors which consists of 3 insurance industry representatives; a person named by the Wisconsin Academy of Trial Lawyers; a person named by the State Bar Association; 2 persons named by the Wisconsin State Medical Society; a person named by the Wisconsin Hospital Association; the Commissioner of Insurance; and 4 public members appointed by the Governor. The Fund's administrative staff is provided by the Office of the Commissioner of Insurance.

The Fund operates on a fiscal year from July 1 through June 30. Administrative and operating costs as well as claims payments are funded through assessments paid by participating health care providers. On December 31, 1989, there were 139 hospitals with 36 affiliated nursing homes, 7,000 physicians, and 321 nurse anesthetists participating in the Fund.

From July 1, 1975, through September 30, 1989, 2,259 claims had been filed in which the Fund was named. During the same period the Fund has paid 272 claims totaling $117,322,354. Another 1,304 claims have been closed with no payment. Of the remaining claims as of September 30, 1989, 85 cases were reserved at $42,022,887.

The accompanying financial statements for the Fund for the fiscal year ending June 30, 1989, follow. These statements reflect that the Fund's deficit declined approximately $237,000 from the Fund's deficit as of June 30, 1988. The reduction in the projected deficit results primarily from a slight tempering of historical long-term frequency trends by the Fund's actuarial consultants based upon its subsequent analysis of claims experience from the Fund's inception through September 30, 1988. The Fund's deficit represents a long-term shortage in the cash and investment balance that eventually will be needed to make the Fund's future payments. The Fund deficit does not mean the Fund is unable to pay obligations currently due. There was a cash balance of $133,239,000 on December 31, 1989. The deficit is a projection of the unfunded outstanding liabilities if the Fund ceased to collect further assessments.

HEALTH INSURANCE RISK SHARING PLAN

The Health Insurance Risk Sharing Plan (HIRSP), Chapter 313, Laws of 1979, became effective on January 1, 1981. The Plan provides major medical and Medicare supplement coverage for Wisconsin residents under age 65 who, for medical reasons, are unable to obtain health insurance coverage in the private market.

Rates for the Plan are required by statute not to exceed 150% of the standard individual rate for substantially similar coverage in the private market. During 1986, the Board determined that rates were in excess of that amount and voted to decrease rates for the major medical plan by 10%. This rate decrease took effect January 1, 1987, and rates have remained at that level. Early in 1989, the board proposed a 10% rate increase which did not pass legislative review because of the financial "hardship" it may impose on some enrollees.

Expenses of the Plan in excess of premiums are assessed against health insurers in proportion to the insurer's total premium or other charges on business written in this state on behalf of Wisconsin residents. In 1989, insurers were assessed $3,700,000.

The Plan continues to experience dramatic growth in enrollment. On December 31, 1988, Plan population was 3,760. On the same date in 1989, there were 6,077 Plan participants. Total enrollment increased during 1989 by 2,317.

The subsidy program, through which low-income policyholders are relieved of a portion of their premium and deductible, is also growing rapidly. At the end of 1988, there were 870 policyholders for whom the State paid a portion of their premium and deductible. In December, 1989, there were 1,485.

During the last three months of 1989, the board spent considerable time studying questions such as methodology in determining rates, affordability, and deficit management. A final report was produced at the end of 1989.
